Roles & Permissions same like Worskuite crm style

The screenshot shows the 'Roles & Permissions' page in the Worksuite application. The left sidebar contains a navigation menu with items like Dashboard, My Calendar, Leads, Clients, HR, Work, Finance, Orders, Tickets, Events, Messages, Notice Board, Knowledge Base, Assets, Biolinks, Biometric, Letter, and Database Backup Settings. A red circle highlights the 'Roles & Permissions' link in the sidebar. The main content area has a header 'Roles & Permissions' with a search bar and a 'Manage Role' button. Below the header is a table titled 'Roles & Permissions' showing four roles: App Administrator, Employee, Client, and Manager. Each role row includes a 'Permissions' button. A red circle highlights the 'Employee' role. The main table lists modules such as Assets, Zoom, RestAPI, Recruit, Payroll, Purchase, Letter, and Webhooks, each with dropdown menus for Add, View, Update, and Delete permissions. A red circle highlights the 'Letter' module. A 'Hosting Suggestions' button is located at the bottom right of the table. The URL in the browser bar is https://demo.worksuite.biz/account/settings/role-permissions.

| Module | Add | View | Update | Delete | More |
|----------|------|------|--------|--------|------|
| Assets | None | None | None | None | More |
| Zoom | None | None | None | None | More |
| RestAPI | -- | -- | -- | -- | More |
| Recruit | -- | -- | -- | -- | More |
| Payroll | None | None | None | None | More |
| Purchase | -- | -- | -- | -- | More |
| Letter | None | None | None | None | More |
| Webhooks | None | None | None | None | More |
| Leads | None | None | None | None | More |
